

Dennis Compton

**Senior Vice President - Project Management
Atlanta**

Professional Experience

Dennis has more than 36 years of experience developing strategic real estate solutions, hiring and managing design, construction and real estate professionals, managing strategic vendor relationships and coordinating multi-disciplined teams. Project experience includes build-to-suit facilities, call centers, hotels, restaurants, office facilities, retail facilities, educational and medical facilities.

Prior to joining Cresa Atlanta in 2003, Dennis was the Director of Workplace Environment for Coca-Cola Fountain. He led and directed nationwide activities related to real estate portfolio management for 1 million square feet at over 40 locations. Notable project accomplishments include the planning and development of the 250,000 square foot Coca-Cola Fountain Headquarters and 165,000 square foot Coca-Cola Call Center, both projects were located in North Atlanta.

Before transferring to the Coca-Cola Fountain Division, Dennis directed the planning, development and ongoing management of the worldwide sales and marketing offices for The Coca-Cola Company. Notable project accomplishments include oversight of a 500,000 square foot build-to-suit facility in Brussels, Belgium & construction of a 50,000 square foot facility in Santiago, Chile.

Dennis began his career with The Portman Companies of Atlanta in 1985 where he assisted with the development and management of Peachtree Center. In 1994, Dennis relocated to Shanghai, China for 3 years to manage construction operations and administration at the Shanghai Centre – another Portman project.
