

Samantha Lemus

Project Manager
Boston

Professional Experience

Samantha's experience in construction project management began in 2015. She has led and supported teams through the design and construction phases of multiple retail, restaurant, and office space buildouts. As Project Manager at Cresa, Samantha helps manage project budgets, schedules, procurement, and reinforce strong client relationships.

Education

Samantha received a Bachelor of Science in Facilities Planning and Management from Wentworth Institute of Technology in 2016.

Personal Interests

Outside of work, Samantha enjoys mountain hiking across New England, playing tennis, and experimenting with new recipes.
