

Natalie Snyder, CCIM

Vice President
Dallas

Professional Experience

Natalie Snyder represents companies who occupy office and industrial space across North America with their real estate needs. She helps her clients develop data-driven strategies that enable them to select optimal locations for operations. Complex site selection; lease renewals; expansions; relocations; building purchases; sale-leasebacks and property dispositions are all services Natalie provides. She serves as a dedicated tenant/occupier-only advisor, passionate about providing expert guidance on executing real estate solutions that align with her clients' corporate goals and initiatives. In addition, Natalie frequently authors articles and blogs that provide unique insights on how to effectively navigate labor and supply chain challenges.
