

Deke Douty

Advisor

Professional Experience

Deke's exclusive focus on the representation of life science companies around the Bay Area has allowed him to create a unique advantage for his clients. With company culture in mind, Deke prides himself on his work ethic, strategic planning, and loyalty which has ultimately led to long-lasting relationships with his clients. Solely representing tenants, it is his goal to develop creative and coherent real estate strategies to best assist his clients with identifying space to lease or purchase.

Prior to beginning his career in commercial real estate, Deke graduated from the University of California, Berkeley where he majored in Environmental Economics with a focus on sustainable approaches to business. Deke also serves on the Board of Directors for the CSR Children's Foundation which creates opportunities to enhance the lives of children challenged by physical or mental disabilities.
