

Luke T. Calder

Vice President Downtown Los Angeles

Professional Experience

Luke Calder, originally from Bristol, England, made the permanent move to California to further his real estate career. Luke has a plethora of real estate experience which includes time as a certified Project Manager and client representative for his family's construction business, securing major contracts with governments, MNC, and universities. He was also a successful Senior Facilities and Project Manager for the University of Bristol's Arts, Law and Engineering departments. He has rigorously negotiated on behalf of his clients to ensure that all transactions fulfilled their current and future space requirements. In the past, Luke has also worked closely with the University to assist in the acquisition and development of buildings from the purchase of a building from British Broadcasting Corporation (BBC) for the redevelopment of land to build the Universities' largest and most technologically advanced lecture theater. Luke represents both foreign & domestic companies with their Southern California real estate needs with a focus on entertainment, media, and professional services companies. Luke's utilizes his communication skills and understanding of business operations to deliver a positive outcome for his clients.
