

Corey Ragole

Vice President - Project Management Omaha

Professional Experience

Corey brings a strong understanding of the design and construction process from the Owner's perspective to the Omaha team. He has successfully managed office, Cold Storage and Food Processing projects from site selection, design development, through construction completion and commissioning. Over his career, Corey has diverse project scope that provides tangible benefits to his clients. He executes projects with an emphasis on the entire team, which leads to delivering on time and on budget.
