

Jake Tabish

Project Manager
Phoenix

Professional Experience

Jake, a dynamic project manager at Cresa Phoenix Project Management, excels in overseeing a diverse range of local and national portfolio projects. Drawing from his background in retail and industrial development, Jake brings a wealth of experience to the table. His expertise spans from horizontal and vertical construction, as well as supply chain management. Jake has demonstrated a knack to adapt and excel in diverse industries which in turn has created a sustained track record of success. In Phoenix, Jake plays a pivotal role in supporting Cresa's national project management accounts while also lending his expertise to various projects within the local market. With a passion for delivering exceptional results, Jake is committed to driving success and innovation in every endeavor.

Education

Jake holds a Bachelor of Science in Finance & Management from Montana State University.
