

AccountLease™

A cost-effective and comprehensive solution to compliance of ASC Topic 842

- **Cost effective-** experienced and efficient outsourced solution
- **Comprehensive-** creating clarity from complexity
- **Compliance-** mandated ASC Topic 842

FASB ASC Topic 842 requires companies to record all their leases – real estate, equipment, and embedded – on their balance sheet.

Implementation of Topic 842 puts heavy demands on a company. It requires support and open communication across the entire corporation. It can be costly and time-consuming

Since 2016, the AccountLease™ team has leveraged our Topic 842 implementation experience to develop a comprehensive solution to comply with the new standards. Our economical rapid response coupled with competitive fees provide our clients timely solutions and a 360-degree view of their leases.
